AMERICAN & FOREIGN PATENTS

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

THE NEW AMERICAN WATCH.

IN ORDER TO MEET THE REQUIREMENTS OF GENTLEMEN who prefer a thinner watch than those usually made by us, we have lately issued a new style of watch on the three quarter plate model, especially designed for this purpose.

In establishing this new series, it has also been our design to produce a watch in every way superior to the best and highest priced products of the most reputable of English and Swiss watch manufacturers; and no labor or expense has been spared to this end.

In all respects of fine and durable material, of external and internal finish, accurate compensation and adjustment, of mathematically just proportions, and of *practical results* our new three-quarter plate watch challenges competition with any in the world.

WILL CURE THE DYSPEPSIA,
WILL CURE THE HEARTBURN,
WILL CURE CRAMPS IN THE STOMACH &c.

AROMATIC DIGESTIVE CORDIAL.—This excellent and agreeable preparation is one of the best means of improving the appetite, promoting digestion, and giving strength and tone to the stomach, which has yet been offered to the public. It is an old German Receipt, and has been in use for many years in the families of the manufacturers, where it has proved an invaluable remedy for DYSPEPSIA, HEARTBURN, FLATULENCE and CRAMPS IN THE STOMACH, arising from cold or indigestion. All persons having the least tendency to indigestion should never be without it, as a small wine-glass full, taken after meals, will exclude the possibility of contracting the dyspepsia.

It is composed of fifteen ingredients. Bitters and Aromatics, and only needs to be tested to be approved and appreciated.

To persons who feel any disposition to *Chills or cramps* after bathing, it is of the highest benefit, as it is a mild but prompt stimulant, and produces a healthy and generous glow throughout the system, immediately after taking it.

It is an agreeable beverage, and may be used with safety, pleasure and advantage by invalids, and by those in health.

REPUBLICAN NOMINATION.

FOR PRESIDENT,
Abraham Lincoln,
OF ILLINOIS.

FOR VICE-PRESIDENT,
Hannibal Hamlin,
OF MAINE.

Republican Electors.

The Convention at Providence yesterday nominated the following excellent Electoral Ticket. We have no doubt it will be triumphantly elected:

ELECTORAL TICKET.
THOMAS G. TURNER,
LATIMER W. BALLOU,
ELISHA HARRIS,
DAVID BUFFUM.

☞ Frank Varnums, the only individual saved from the brig Mary Pierce, an account of the wrecking of which we publised a day or two since, in his statement of the circumstances informs us that he kept his place on the wreck by thrusting his knife into a worm-eaten spot upon the keel, and holding on.—A gentleman now visiting this city informs us that he was one of the crew of that ill-fated vessel during a portion of 1859; that in July of that year she was hauled into dock in London and coppered, and the very place which was the means of saving Varnums' life purposely left uncoppered, if being the design to at some future time replace it with a sound piece of wood.

Rev. Henry O'Neil, a Catholic Priest of Machias, Me., on Friday last paid a visit to Rev. Mr. Lennon, at Newburyport, Mass., and next morning was found dead in his bed.

A. M. Baldwin, of Iowa, on the 2d inst. murdered a neighbor named Abner Munger, with blows on the head with a board—then went before a justice (!) while Munger lay dying, complained of himself for assault and battery, was fined one dollar, was discharged. He then forthwith took himself off beyond reach of arrest!

An eccentric wealthy gentleman stuck up a board in a field upon his estate, upon which was painted the following:—

"I will give this field to any man who is contented." He soon had an applicant.

"Well, sir, are you a contented man?"

"Yes, sir; very."

"Then what do you want with my field?"

The applicant did not stop to reply.

Here is a conundrum worth two silver goblets, got off by a Nebraska editor.

Why is a Nebraska shinplaster like an impenitent sinner?

Because it does not know that its redeemer liveth.

Here is another, still better: Why is a muff like a fool?

Because it holds a lady's hand without squeezing it.

Two young fellows got to bantering each other one day. Finally one of them exclaimed:

'Well, there's one thing you can't do?'

'What is it?'

'You can't put your head into an empty barrel.'

'Oh, nonsense,' exclaimed the other, 'why can't I?'

'Because it is an impossibility to put a hogshead into a barrel!'

The Chicago *Press and Tribune* says that about six miles off Winetka, and manifestly not far from the exact spot of the disaster, is the entire forward portion of the Lady Elgin, partially submerged and *riding at anchor*. It is stripped of all the upper works, and on the inboard side cut off just where the fatal blow came, and on the other sides the frames and planking run further back. Eighty-five bodies have been recovered, and hundreds more are reported by vessels seen drifting on the lake. Tugs are about picking them up

HARVEST MOON.—The full moon which happens on the 29th inst. is the harvest moon, the theme of so much admiration and song and in our climate. It derives its name from the agricultural economy of England. For several successive evenings about the time of the autumnal equinox, it rises at nearly the same hour, and pours its full radiance over the landscape, affording the husbandman an opportunity to extend his harvest labors into the evening hours. The arrival of the sun at the autumnal equinox when the moon is in the ascending node of its orbit and entering the first point of Aries, will produce a harvest moon under the most favorable circumstances. With the aid of a celestial globe the cause of the phenomenon may be seen by simple inspection.

When the full moon occurs on the 22d of September, and is rising in the east, the sun will be setting in the west, in the autumnal equinox. All that portion of the ecliptic then above the horizon will be south of the celestial equator; and making the least possible angle with the southern horizon. As the orbit of the moon is but little inclined to the ecliptic, and the moon advances in it regularly at the rate of thirteen degrees *per diem*, the arc passed over, from day to day, ascends above the horizon in about a quarter of an hour, while at other seasons of the year, the same arc requires about an hour in its ascension.

The full moons which precede and follow the harvest moon—when that happens on the 22d of September—do not differ much from each other, in respect to rising; nor do they differ greatly from the harvest moon in the same respect. The full moon following the harvest moon, is known as the *hunter's* moon, it happening at the season of hunting in England.

While the procession of the equinoxes is so inseparably connected with the tropical year that the harvest moon can never wander from the autumnal equinox, the starry heavens of that season of the year are slowly withdrawing from our view; and, excepting the arctic constellations, will have wholly disappeared at the end of thirteen thousand years, when the beautiful Southern Cross and the Magellanic Clouds will rise above our horizon.—*Boston Courier.*

Good news from Texas states that but little excitement now prevails relative to incendiarism. "Rumor" has burned almost every town in North-eastern Texas this season.

A few days ago, Mrs. E. N. White, of Burlington, Iowa, whose husband was at work in Chicago, received a letter informing her of his death. She wisely determined to go to the bottom of the matter, and found that a certain black-eyed Miss Murphy, and not the King of Terrors, had possession of her husband.

A converted chimney-sweep in London, named William Carter, talks and preaches almost without ceasing to the masses, wherever he can gather them. A large number of poor men of similar spirit, though perhaps not equal to these two (Carter and "Undaunted Dick,") are nightly and daily preaching to crowds all over London. There never was so much out-door preaching in England, as at present.

Joseph H. Crenshaw, a prominent merchant of Richmond, Va., having been insulted by John Askew, the mate of a vessel consigned to him, on last Friday, shot the man several times with a revolver. Askew lies in a critical condition, and Crenshaw is in prison, unlimited bail having been sternly refused by the Mayor.

Dr. Ollier, a celebrated French physician, has discovered that bone does not immediately die when the heart ceases to beat. For, after the death of an animal, Dr. Ollier has removed bone from the body to that of a living animal, and the bone thus introduced has united itself completely to that properly belonging to the animal. There seems to be no doubt, therefore, that we may mend and replace our bones, as easily as a table-leg.

The Marshall, (Texas) *Republican* says that what was supposed to be poison in the hands of the negroes in Cherokee county, when subjected to chemical analysis, turned out to be a harmless preparation. And yet the negroes stated that it was poison, and that they had been instructed to place it in the wells and in the food of their masters. Little reliance can be placed in testimony obtained by coercion or intimidation. It looks like a most diabolical plot of politicians, for electioneering effect.

About two weeks ago a large black snake in Ticonderoga was seen hanging from a pole on a fence. He had his head near the ground, and seemed to be watching something. By-and-by, a large rabbit came out from the brush, and was immediately caught by the nose. As quick as lightning, the snake fell upon the ground, wound up the rabbit, and gave it a deadly squeeze. The poor victim gave but a sharp cry, and was dead. The snake still held him by the head, and soon had him, legs and all, down his voracious throat. It was near an hour from the time the men first saw the snake before his meal was completed. The men then fell upon the serpent and captured him. He is now in a box, and shows but little life.

STEPHEN IN SEARCH OF HIS MOTHER

"——— Oh, happiness! how far we flee
Thine own sweet paths in search of thee!
[Mrs. Hemans.

Pray, Where is Stephen's mother's home,
In quest of which her son doth roam?
Is it in thy forests, Maine!
Where Winter holds protrated reign!
Is it in New-Hamshire—where
O'er granite hills floats bracing air!
In Vermont is it, where are seen
The mountains clad in evergreen?
In Massachusetts' high and dry land?
Connecticut? or wee Rhode Island?

Say, where is Stephen's mother's home,
In quest of which her son doth roam?
If not in Yankeeland, can he
The long'd-for spot in New-York see?
Or find it in the land of Penn,
On mountain-side, in dale or glen?
Can it lie hidden anywhere
Among the bogs of Delaware?
In Maryland (wedg'd in between
The North and South), may it be seen?
'Mong cabins of the Old Dominion?
Amid the barrens Carolinian?
In Georgia's cotton-growing land?
On Florida's fam'd coral strand?

Say where is Stephen's mother's home,
In quest of which her son doth roam?
In Alabama is it found?
On Mississippi's quaking ground?
Must he return, with drooping jaw,
From the wastes of Arkansas?
Shall disappointment longer vex us,
In Louisiana? or in Texas?
On wild-goose chase, say, shall he go
To territorial Mexico?

Oh, where is Stephen's mother's home,
In quest of which her son doth roam?
In Missouri can't he spy it?
In Ohio not come nigh it?
May he not find it fond and lucky,
In Tennessee? or in Kentucky?
In Indiana can't he trace it?
Doesn't Illinois embrace it?
In Michigan mayn't he find it,
With Cass's homestead squat behind it?

Oh, where is Stephen's mother's home,
In quest of which her son doth roam?
In Iowa? or must he go to
Wisconsin's wilds? or Minnesota?
In Kansas, or Nebraska, make
His bootless search? or Utah's lake?
In California, vainly, hie
O'er golden sands, in canons dry?
Plod on, in vain, through Oregon?
Or the far distant Washington?

Say, where is Stephen's mother's home,
In quest of which her son doth roam?
Is it in the frozen North?
Is it in the sunny South?
Is it in the foggy East?
Is it in the far, far West?
Where, in all this mazzy round
Can Stephen's mother's home be found?

(*Sotto voce.*)

Stephen's mother doesn't know
That her son *is out*, I trow:
So foolishly—*in search of home!*
She doth not in THE WHITE HOUSE dwell:
And Stephen, had he common tact,
(Become aware that *that's a fact*,)
Would give the search up, in despair,
Assured *he'll never* FIND HER THERE!

Later from Mexico.

NEW ORLEANS, Sept. 18.—The schooner Virginia Antoinette, from Vera Cruz 2d inst., has arrived at this port with $373,500 in specie.

Twenty thousand Liberals were marching on the Capital.

Miramon, was in the City of Mexico, with 7,500 men. The attack was expected to commence on the 8th.

A new loan, to be exclusively levied upon Mexicans, was expected to be soon proclaimed.

The Bishop of Guadalajara had been released from imprisonment by Gen. Degollado.

It is reported that Gen. Maga has made good his escape.

The correspondent of *The Progresso* at the Capital, says that the Liberal Army had left Querevaro, and they were expected to reach the city on the 8th.

Three thousand men were advancing from Cuernavaca.

Gen. Ortega was expected to arrive soon from Guadalajara.

There was a small explosion in the Boston Post Office on Saturday, occasioned by the stamping of a letter, in which one of the famous "burglar's alarms" was enclosed. The envelope was torn to pieces, and the clerks thought of infernal machines, but the damage was confined to the burst letter.

In the town of Huntington, Conn., recently, a rock was struck by lightning and separated into fragments. One portion, weighing at least half a ton, was projected to a considerable height, other pieces, to the number of thirty or more, were thrown in every direction.

Mr. E. W. Carpenter of Milwaukee last week found a basket in one of the streets of that city in which were $7,110 in American eagles! A family of Germans, just arrived, proved to be the owners. Part of the crew of the British barque Kitty, wrecked by an iceberg, Aug. 11, 1859, were picked up by the Esquimaux Indians and taken to the Moravian settlement of Okak, whence they have just returned to the civilized world. They had been at sea in an open boat two months before being rescued.

A Devil fish, weighing about 40 lbs., was caught with an ordinary hook and line in Newark Bay, Friday, by Mr. Lewis M. Crane, of that city. When captured it fought desperately for its liberty, tearing Mr. Crane's hands badly with the thorny bristles with which its whole skin is armed. It will be stuffed and exhibited as a curiosity. It is very seldom that this fish is caught in our waters.

Five men attached to the Kerosene Oil Works, South Boston, were dreadfully burned on Saturday, in consequence of carrying a light into a fireproof store room, to draw naphtha, in disregard of orders and common sense. The volatilized naphtha escaping into the air, of course took fire and the men were enveloped in flames, which were extinguished with difficulty. Owen Campbell was left in a dangerous condition. The wonder is that the whole establishment, men and all, was not consumed.

Two respectable gentlemen of Buffalo were arrested in Toronto last week, on pretence of being pickpockets. They were invited guests at the ball in honor of the Prince, and while at the table a drunken police officer told one of them he must stop touching the British lion, that stood in a form of pastry before him. At this the young man took up the British lion and put him in his pocket. Consequently the arrest, which was soon followed by their discharge, together with that of the super-loyal officer.

NO. 80. THAMES ST.
—CIRCULAR—

WHEREAS, KEROSENE is the TRADE MARK; and whereas it has come to our knowledge that other persons, either fraudulently, or through ignorance are selling in the market, common coal oils of offensive smell and poor quality and Kerosene Oil adulterated with Camphene, Fusil oil, and other deleterious substances to the damage of ourselves and consumers.

CLOTHING CHEAP,—ONE PRICE

SOME years since, I advertised that I would abandon the credit system as a rule, which so far as adhered to, has proved satisfactory to myself, and without doubt a great benefit to my customers. There are two obvious reasons for this change. First the great annoyance in collecting or trying to collect bills. Second the frequent and great losses, amounting to hundreds of dollars annually, which losses, in part at least I prefer to take from my profits and give to my cash paying customers. To this end I have now adopted the one price, and a strictly cash system, and as I buy my goods for cash at lowest prices and mark them correspondingly low, I trust the purchasing public will be pleased as well as benefited by this new arrangement.

POOR RICHARD'S EYE WATER.

PHILADELPHIA, July 25, 1860.

For sixteen years I had sore and inflamed eyes and eyelids. My father and myself spent not less than two hundred and fifty dollars for a cure, but all in vain. Although we employed six of the best physicians in this city at different times, they used all the skill in their power, but to no purpose; so inflamed were my eyelids that all my eyelashes came out. W. Wishart, at 56 South Third Street, seeing my suffering, presented me with a bottle of *Poor Richard's Eye Water*, and I thank God that though I have not used two bottles, my eyes are all well and my lashes growing out rapidly.

DR. CATLIN'S

FRENCH PERIODICAL PILLS.

THESE inestimable Pills were discovered by him while practising in the *Hospitals* in Paris, under the immediate observation of the RENOWNED RICORD, of Paris, and ACTON, of London.

Warranted in all cases to have the desired effect. These Pills are invariably certain to regulate the Female System, and can be taken without *hazard*. A *relief* is warranted, or the money *returned*. They are known by *hundreds of females* in this country, to be the only preparation ever discovered, that has proved invariably *certain* in cases of
SUPPRESSIONS, IRREGULARITIES, &c.

One trial will convince the most sceptical, and never after will they be induced to take any other. Ladies who have often been deceived by purchasing Pills and Nostrums from

MALE AND FEMALE IMPOSTERS,

Under the pretence of effecting a CURE, medicines which in *nineteen* cases out of *twenty*, have an INJURIOUS *effect* upon the *system*, without producing the desired *result* or any SIGN of it, should shun these *Bipeds*, and use none but the genuine

FRENCH PERIODICAL PILLS,

The efficacy of which, has been tested in *hundreds of cases*, and NEVER FAILED to effect a speedy CURE without any bad *result*. The Pills are the result of an extensive *practice*, and not discovered by accident. To *eulogize* their *virtue*, would not *add* to their *merit*. We would only say, *try* them, and they will prove to be what THEY ARE REPRESENTED.

Sent by letter to all parts of the country. Sold only at Dr. W. CATLIN'S Office, No. 13 North Main street, Providence, R. I.

N. B.—Ladies should be careful to ascertain whether pregnancy is the cause of the stoppage, if so, the Pills should not be taken, for they would cause them to miscarry. Price $5.00. Full directions accompany each box.

The Doctor can be consulted on all Female Complaints.

SOMETHING DECISIVE,

Tending to Lincoln's favor, by thus indirectly before true friends in right. F. W. S. asks of the Democrats before longer accusing him of being and with Black Republicans, to first prove, in the true definition of the term, that there are over three Black Republicans in Newport. And as "Wooly" was applied to Mr. Fremont because of his discovery, therefore Wooly went out of the party with him, and rails were substituted. Please omit the wool, therefore. F. W. S. did not sustain him for President, suspecting him tinctured with Catholicism. Will the Democrats please excuse Mr. Douglas for the same reason? As far as woman influences man, letting the rule work as far as it affects; and now as they fail in making appear the favorers of Mr. Lincoln are Black Republicans, even as our platform on which Mr. Lincoln stands denies, as they try to set forth. Therefore I apply my good title to Mr. Lincoln's supporters, namely, American Republicans. Sure Bell men have stained all their good name, if, by fusing with Douglas Democrats, &c. That our Lincoln platform is the most conservative we believe of any in the field, considering the true definition of the word, compared with the honor of our nation constitutionally. I think the Democrats show a little too much spite against F. W. S. We don't live in the South, where F. W. S. had his Bible taken out of his pocket and was threatened. Have not the Democrats, who pretended so much northern principle at Charleston, caught a Southern influence! Whether they, after inhaled it at Baltimore by trying to regain the South, by promising to sustain the Fugitive Slave Law Mr. Fillmore helped them to, which was a backer to the South, therefore they, as appeared, they tried to establish it in a new territory, namely Kansas. Therefore Mr. Fillmore seems to have been a prominent promulgator. Now I request serious attention on this point, remembering how the good feelings of this nation have been barrassed, because even Mr. Pierce did not do more justice to the oppressed in Kansas; and how in the Spring all were invited to a Republican Union meeting who disapproved of the present administration; and now to see how those Bell and Douglas and Breckenridge men club together, it looks to me like a dog turning and eating that he vomited and despised. For what is Breckenridge aside from the present Administration? God grant, as they have got in a bag together, they may be shaken up, and the blast of God's indignation blow on them as a worse pest 2 overthrow locusts, to good sound principles. God's word requires some to separate from others, lest they partake of their sins. A reason I could not sustain Mr. Bell, though I respected Mr. Everett, I supposed therein rather to still water, and rather slached with Mr. Fillmore southerly. As see the above Democrats and Fugitive Law at Baltimore. Mr. Fillmore unseparably connected every sound man of America. Please read this over till he can get the true right of it. Other papers please copy. We say of the rails, Mr. M., as did the Sprague boys of Calico—they are valuable. Newport, R. I., Sept. 19th, A. D. 1860. F. W. S. A true friend to God in truth and America. P. S. Our Lincoln platform constitutionally we consider sound as a roach—not a place for a muskato to place his bill, and we mean to stick to it. s21-1dpd

Thus indirectly before his true friends in truth, who will not entangle him with his opposers, but with him against them; it seems almost a wonder, the Lord has let those who profess to be his servants, be so long deluded, by expecting a litteral resurection, of the body, when both the Lord and an Apostle taught it, to be a spiritual resurection, there is no scratching this out or making it null. This from an inspired servant of the Lord, a Baptist minister, chosen of the Lord, a revelator, a reformer. N. B. this morning in reading scripture before breakfast, opened Bible and the words in 18th and 74th Psalm appeard, friends please read it in his favor in his persecution, as he feels it serve from evil spirits. It is designed for both MARRIED and SINGLE Ladies, and is the very best thing known for the purpose, as it will bring on the Monthly Sickness in cases of obstruction after all other remedies of the kind have been tried in vain. AYER'S

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this everywhere prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BLAINS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Despair Not, Relief is at Hand

CAUTION TO THE AFFLICTED.

Dr. Cudworth,

NO. 3 ORANGE STREET, PROVIDENCE

AFTER an extensive practice for many years, and witnessing the rise and fall of empyricism to almost an alarming extent, owing to the laxity of the laws in large cities, which gives to the mere ignoramus the same privilege of practicing medicine in all diseases incident to the human system, which the most scientific, skilful and experienced physician and surgeon can in any case claim, deems it his duty to caution strangers to beware of certain up-starts, who make great pretensions to the healing art, without so much as a shadow of medical education.

The experience of many years in cases of a venereal nature, in its various forms, will prove beneficial to those suffering from such diseases, and from his practical knowledge of every symptom consequent on, or arising from badly cured cases of Venereal Complaint, he would caution all having any secondary symptoms remaining, to be at once cured properly before it has undermined their constitution, and broken down their intellectual faculties.

TO YOUNG MEN—The temptations to which youth are constantly exposed, and the various snares laid to entrap them by the vicious and designing are fearfully on the increase in this city of "steady habits." All who may be suffering from any such indiscretions, should bear in mind that the sooner they make their situation known to some practical medical man, the better it will be for their future welfare and happiness. Dr. CUDWORTH can be consulted at all hours to advantage.

YOUNG MEN, YOU CAN BE CURED—Dr. CUDWORTH calls the attention of young men to his splendid and invigorating Compounds, so famous for the cure of the following diseases,

Coughs, Catarrh, Bronchitis, Consumption, Asthma, all diseases of the Chest and Lungs, Dyspepsia, Liver Complaint, Cancer, Scrofula, Erysipelas, &c., Pains in the Limbs and Joints, Dizziness in the Head, Ringing in the Ears, Loss of Memory, Confusion of Ideas, Constitutional Debility, Want of Rest, Loss of Appetite, Cold Hands and Feet, Rush of Blood to the Head, Melancholy Forebodings, Trembling in the Stomach, Palpitation of the Heart, Pain in the Sides and Back, and all symptoms caused by Seminal Weakness, or any other complaints which indiscreet persons are subject to.

BE WISE—When afflicted with a certain disease do not spend your money to have your health ruined by taking a host of medicines, such as mixtures, extracts, specifics, antidotes, etc., that are advertised as certain cures, which will only drive the unfortunate victim almost to despair. Call at once on a physician who will cure you in a few days

CONFIDENTIAL—Ladies or gentlemen requiring medical advice or treatment arising from any cause, would do well to banish all present diffidence and make an early application to Dr. Cudworth. The Doctor's long and successful practice, together with the marvellous cures, are unquestionable guarantees of his skill and ability.

DR. CUDWORTH'S FEMALE SPECIFIC—This remedy, which has been so successfully used in all cases of Suppression and Irregularity incidental to married and single ladies, is only to be procured at his office, No. 3 Orange street, Providence, R. I.

The testimony as to the invaluable virtue of this curative over all others, is incontestable.

Sent by mail to all parts of the Union, or by express. All letters enclosing $1 for advice, duly attended to.

WORCESTER, Dec. 15, 1858.

DR. CUDWORTH—*Dear Sir*:—I have experienced so much benefit from your remedy, that I beg to tender you my most sincere thanks.

I am sir, respectfully, MRS. R. M. M.
